### DETAILED ACTION

1. Claims 14-18, 21-24 and 28-33 are allowable. The restriction requirement between the different groups, as set forth in the Office action mailed on September 10, 2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.**

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The Application has been amended in the claims as follows:

In line 2 of claims 15 and 15, delete "composite material" and insert in its place --composite material of the covering film--.

In line 2 of claims 17 and 18, delete "the filler material" and insert in its place --the filler material of the covering film--.

In line 2 of claims 23 and 24, delete "the filler material" and insert in its place --the filler material of the covering film--.

***Allowable Subject Matter***

3. Claims 14-18, 21-24 and 28-33 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claims 14-18, 21-24 and 28-33, the prior art of record neither anticipates nor renders obvious all the limitations of the base claims 14 and 28, including: wherein the covering film and the additional film formed of a composite material comprising a filler material, wherein the filler material of the composite film is different than the filler material of the additional film, and wherein the covering film and additional film are formed such that the surface contour of the electrical component and the substrate is mapped in surface contour of the covering film and the additional film. Claims 15-18 and 21-24 depend from claim 14 and claims 29-33 depend from claim 28, and thus, these claims are also allowed for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
